BEYMER, BAUMAN & CO.

MANUFACTURERS OF

PURE WHITE LEAD

DRY AND IN OIL,

BEYMER, BAUMAN & CO. STRICTLY PURE WHITE LEAD. PITTSBURGH.

Orange Mineral, Red Lead

Potters' Lead, Zinc Paint,

Putty and Colors.

NEW YORK, July 15, 1869.

C. T. REYNOLDS & Co., Chicago:

Gentlemen—I have carefully analyzed the sample of White Lead, branded, "Beymer, Bauman & Co.'s Pure White Lead, Pittsburgh," and find that it is PURE WHITE LEAD, ground in oil. It is entirely free from Barytes, and every other impurity or adulteration. Respectfully yours, C. F. CHANDLER, PH.D.,

Prof. Analitical and Applied Chemistry, School of Mines, Columbia College.

We will give $20 in Gold for each and every ounce of adulteration found in White Lead of our manufacture bearing our name. We guarantee Strict Purity and a degree of Fineness and Whiteness unequaled by any other brand.

BEYMER, BAUMAN & CO.

CAUTION!

Certain unprincipled parties, attributing the large and increasing demand for our brand of White Lead solely to our "guarantee lable," are imitating the same, even to the color of the paper on which it is printed. We therefore caution consumers to examine carefully the Red lable on the side of the keg, and see that it bears our written signature.

As a still further protection to consumers, we now brand with stencil our "guarantee" on the end of the kegs, in addition to the Red Lable on the side of the keg.

☞ The unprecedented sale of our Lead can only be attributed to its STRICT PURITY, its UNRIVALED WHITENESS, FINENESS and COVERING QUALITIES.

Sold by all Dealers in Paints.

Madison Directory, 1871-72.

Madison, the county seat of Jefferson county, Ind., is situated on the Ohio ver, ninety miles below Cincinnati, Ohio, and is connected with Indianapolis d the interior of the State by railroads, while the navigation of the Ohio river rnishes ready communication with New Orleans, and all points South and West, the Mississippi and Missouri rivers, and contains a population of about 12,000 habitants. Madison being contiguous to an extensive lumber and agricultural gion, is a very important shipping point on the Ohio, has caused the erection many extensive factories, foundries, machine shops, flouring mills, planing lls, together with the various mechanical establishments and commercial and netary institutions usually found in a city of its population.

We are reluctantly compelled to apologize to our patrons in not publishing a tory of Madison, but the parties who promised to furnish it, have failed to nd the manuscript in time for publication.

We will particularly notice the following manufacturing establishments, hose advertisements will be found on another page:

As Iron Founders and Machinists, Cobb, Stribling & Co. are the pioneers, ving commenced business in 1863, and worked with energy, combined with echanical skill, until their present enviable reputation has been gained in e manufacture of their highly improved machinery. Amongst the articles in hich they excel as manufacturers, we would name Circular Saw Mills; Fue ving Engines; Steamboat Engines; Drag Sawing Machines; Shingle Machines nd Hughs' Patent Rotary Engines.

Messrs. Thomas Graham & Co. are engaged in the manufacture of Hubs, spokes, &c.; their establishment has been in operation five years, and does a very tensive trade from Pittsburgh to New Orleans, and throughout the United tates, being located in the best timber country in the West. They have on and the largest stock, both of rough and manufactured material, to be found this country; they also buy all kinds of timber adapted to their business.

The Madison Marine Railway and Ship Yard is now owned by Messrs. J. B. tuart & Co. The former proprietors of this establishment were unfortunate in heir business transactions; one of the partners was killed on the "United States."

MADISON.

The surviving partner, after an adjustment of claims, found himself a bankrupt. The present proprietors took possession in 1869, their success can be inferred from the amount of work turned out, viz.: Six side-wheel steamers have been built; five stern-wheel boats; nine cabins; five model barges with wrought iron ho chain works made and put up; also, twenty-two steamboats and five barges hav been hauled out and repaired and furnished with new machinery. This firm gives constant employment, on an average, of from 125 to 150 men.

Among the leading Lumber dealers is Mr. John M. Todd, well know throughout the country; his lumber yard is constantly supplied with all kind of lumber and builders' materials.

NOW READY!

LIST OF POST OFFICES IN THE UNITED STATES.

CORRECTED UP TO 15TH OCTOBER, 1870.

The undersigned has just published a complete list of all the Post Offices in the United States, compiled by Wm. Van Vleck, from the Official Records of the Department, up to August 1, 1870, with a list of all changes up to October 15, 1870, IN TWO DIFFERENT FORMS, as follows:

1st. Alphabetically by States, with a blank line between each office and a blank column at side to make alterations and corrections; this book is designed particularly for POSTMASTERS, RAILWAY POST OFFICE CLERKS, and ROUTE AGENTS; is printed on Fine Writing Paper, bound in muslin, 975 pages. Price, $5. Will be very useful to Banks, Insurance, Telegraphs, Expresses, and all persons wishing to write up correspondence or enter private memorandums.

2d. The same book condensed, no blank lines or spaces, printed on ordinary printing paper. Price, $1.

The above books give the names of Money-order Offices.

WM. H. BOYD, Publisher,
Washington, D. C.

A specimen page of each of the books is printed in another part of this Directory, see index.

Either of the above mailed free on receipt of price. Address,

WIGGINS & WEAVER,
268 Superior street, Cleveland, Ohio.

WASHINGTON, D. C., June 22, 1870.

I believe that a Directory like that being printed by Mr. Boyd will be of the greatest aid to those engaged in di tributing the mails.

GEO. S. BANGS,
Assistant Superintendent R. M. Service.

[*From the Post Office Gazette of October 1st, 1870, the official organ of the Department.*]

BOYD'S POST OFFICE DIRECTORY.—We have received the advance sheets of this work. Every subscriber to the *Gazette* who desires a complete list of post offices should take the work, for by copying the monthly changes as given in the *Gazette* into Boyd's book, for which there is a space left, it is peculiarly adapted to the wants of railway post office clerks and route agents, and a most excellent arrangement for the use of special agents.
